

WEBQUEST – GREAT CONSTRUCTIONS

You and your group need to identify which is the greatest construction in the world.

1. Sit in groups of three students and identify each of the pictures below.

2. Now check the sites below for information about each of the constructions.
3. With your group, choose the one construction you think is the greatest.
4. Get all the information you can about this construction and present it to the class.
5. You may use slide shows, posters or other resources.
